Chief, Military-Scientific Division

REFERENCE: Requirement CI/HTA/R10/58 Compare the size of crates aboard freighter in Latakia harbor with those seen at Damascus, Dumeir, and Hama Airfields.

Photo Data:

25X

1. The crates aboard the freighter in Latakia harbor, measure approximately 32 feet by 8 feet. It is not possible to obtain a height measurement.
2. The crates identified at Hama Airfield measure approximately 30 feet by 8 feet.
3. No crates can be identified at Dumeir or Damascus Airfields.
4. Due to the size of the crates and the small difference in their measured lengths it is possible that the crates at Hama and Latakia Airfields are the same size.
